

Polaris semi-micro and analytical balances combine a brightly illuminated weighing chamber with advanced connectivity options for streamlined GLP-compliant recordkeeping and communication. Their multi-line display provides clear, step-by-step guidance, rapid weighing results and real-time application status for complete operational clarity. Checkweighing is made more efficient by a color-changing backlight that instantly indicates whether samples fall within user-defined limits.

Polaris offers clarity with every measurement

Features

- Store 200,000+ results in the internal memory for full traceability
- Color-changing backlight in checkweighing mode to show if under, over or within acceptable limits
- Connect seamlessly to PCs, printers, or LIMS via Bluetooth, RJ45 Ethernet, RS-232 and USB interfaces
- Compliance with Good Laboratory Practices (GLP) and Good Manufacturing Practices (GMP) standards for data tracking
- Unique air diversion technology (ADT) below the weighing pan discharges warm air from the weighing chamber for more accurate weighing results (PAB 125i only)
- Bright, LED-lit weighing chamber for clear visibility of samples
- Security slot for optional lock and cable to help prevent theft
- Large, grade 304 stainless steel pan allows swift cleaning
- Capacity tracker built into display for easily monitoring possible overloads
- Multilingual display permits use in various regions
- Selectable digital filtering helps minimize effects of vibration and disturbances
- Removable draft shield for easy cleaning and transportation offsite
- Intuitive, easy-to-use display showing instructions, results and application status at a glance
- Multi-level security permissions: 1 administrator plus up to 99 operators
- Hook provided for below-balance weighing
- In-use cover provided to protect the balance from dust, dirt and moisture
- Solid, durable ABS housing to withstand daily use
- Parts counting with preset sample sizes (10, 25, 50, 100pcs)
- Up to 200 ingredients can be stored in the internal memory (10 formulations each holding 20 ingredients)

Applications

- Weighing
- Parts counting
- Percentage weighing
- Checkweighing
- Check counting
- Display hold
- Dynamic / animal weighing
- Net total weighing
- Density determination
- Formulation
- Accumulation

Adam is the answer.

For more than half a century, Adam has been the answer when accuracy is the priority. Adam scales and balances provide precision solutions for professionals in every industry.

Minimum weight (K=2, U=1%)	0.0182g	0.0149g	0.0175g	0.0152g	0.0182g	0.0149g	0.0175g	0.0152g
Pan Size	3.1" / 80mm ø							
Weighing Units	g,mg,ct,GN,ozt,oz,dr,tl,H,tl.T,tol,ti,N,custom unit,mm,tl,S,dwt							
Stabilization Time (sec)	3							
Interface	RS-232/USB/Ethernet RJ45/Bluetooth							
Calibration	External calibration				Internal automatic calibration , External calibration			
Display	Backlit LCD Graphical with 1.0" / 26mm high digits							
Display Languages	English / German / French / Spanish / Portuguese / Italian							
Power Supply	18VDC 830mA adapter Input Voltage: 100-240V 50/60Hz 0.6A							
Housing	ABS plastic							
Overall Dimensions	9.3"x15.7"x13.2" / 235x398x336mm							
Draft Shield Dimensions	7.6"x8.6"x9.6" / 193x218x243mm							
Net Weight	13.9lb / 6.3kg				14.5lb / 6.6kg		14.8lb / 6.7kg	

Accessories

Item Number	Description
104008036	AVT Anti-vibration table
1120015779	ATP 2 Thermal Printer
1120014641	AIP impact printer
3021210954	Big Weigh Below Hook
3014013041	Security lock cable
600002028	AdamDU Data Collection Program
700100410	ABI-1 Ionizer

Key accessories

AVT Anti-vibration table

Our AVT anti vibration table offers a stable and solid surface for decreasing vibrations when weighing with a high precision balance or scale. Typically used alongside semi-micro and analytical balance models.

ATP 2 Thermal Printer

The ATP2 is a compact general purpose thermal roll printer that connects via RS-232 interface to Adam scales and balances.

In the box

- Models supplied with:**
- AC Mains Power Adapter & Cord|Balance|Draft Shield
